Stronger Practice Hub

We have launched our hub this week and Childhaven is officially now working as a centre of excellence along with 18 hubs across the whole country. We are working to support other staff who work with under 5s. This is a huge privilege that we have and down to the wonderful work that we do here. Please return your permission slip so that we know if your child can be in any materials that we are going to make and share.

Thank you

Sharing stories—We have been focusing on Room on the Broom recently, we have read the stories together. It has been fantastic how the children can recite this story. We have created our own stories using the Tales Tool Kit symbols and added Room on the broom into our imaginative play. Witches and dragons have been very popular. The children love to create their own stories and share them with each other.

Remember if you do not have this story at home you can browse online and visit the local library or even create your own together.
